FULLSTACK DEVELOPER

As a dedicated Full Stack Developer with a strong foundation in React.JS, Node.JS, Express.JS. I am passionate about building scalable and efficient web applications. With hands-on experience in creating dynamic, high-performance projects, I excel at integrating front-end and back-end technologies to deliver seamless user experiences. Committed to continuous learning and growth, I strive to contribute effectively to modern web development projects.

TECHNICAL SKILLS

Web Development : Full-stack development using HTML,CSS, JavaScript.
Frameworks : ReactJS, TailwindCSS, Node.JS,Express.JS.
Tools & Platforms: : GitHub,Xampp, MySQL Workbench
Database : MySql,MongoDB.
Concepts: : Responsive Design.

EXPERIENCE

React JS Intern SOWISE TECHNOLOGIES

Sep 2023 - Feb 2024
Vannerpettai, Tirunelveli.

- Completed a ReactJS internship and developing a dynamic Football-Score-Mobile Application with ReactJS front-end and local storage integration.
- Implemented core features like Managing the scores, time management, Download the match summary in PDF and a responsive user interface.
- Utilized ReactJS services to handle ensure seamless, real-time content updates across the app.

Full – Stack Developer Intern INDALYXO SOLUTION

Jul 2025 - Present
Pothingai Nagar, Tirunelveli.

- Completed a ReactJS internship and developing a dynamic Football-Score-Mobile Application with ReactJS front-end and local storage integration.
- Implemented core features like Managing the scores, time management, Download the match summary in PDF and a responsive user interface.
- Utilized ReactJS services to handle ensure seamless, real-time content updates across the app.

EDUCATION

Master of Science (M.Sc.) in Computer Science
St. John's College, Palayamkottai.

Tirunelveli, Tamil Nadu, India
July 2024 – June 2026(Pursuing)

Bachelor of Science (B.Sc.) in Computer Science
St. John's College, Palayamkottai.
CGPA: 8.1

Tirunelveli, Tamil Nadu, India
July 2021 – June 2024

PROJECTS

Prepalyze – NEET & JEE Exam Portal

Technologies: React.js, Node.js, Express.js, MongoDB.
Role: Full Stack Developer | Internship Project at Indalyxo Solutions

Description:

Developed a comprehensive online examination portal designed for NEET and JEE aspirants to practice mock tests, track performance, and analyze progress. The platform enables students to take subject-wise and full-length tests with automated result evaluation and analytics visualization.

Key Features:

- User authentication with secure login and registration.
- Dynamic test creation and result generation system.
- Real-time leaderboard and performance analysis dashboard.
- Admin panel for managing questions, subjects, and test schedules.
- Responsive UI for seamless access across devices.

Tech Droids College Website

Technologies: PHP, MySQL, HTML5, CSS3, JavaScript.

Description:

Developed a comprehensive web platform for the Tech Droids college association, enabling efficient management of events, user registrations, quizzes, and document uploads. The application features dedicated admin and user panels to streamline event organization, user engagement, and content management.

Key Features:

- Admin Panel for Event, User, and Content Management.
- Responsive Design for Seamless Access Across Devices.
- Event Calendar, Quiz Modules, and Gallery Management.
- Secure File Uploads for Documents and Event Images.
- User Authentication and Role-Based Access Control.

COURSES/CERTIFICATIONS

- **Data Analysis in Python**
NPTEL (IIT Kharagpur)
Completed a course focused on data analysis using Python, covering topics such as data manipulation with Pandas, data visualization with Matplotlib and Seaborn, exploratory data analysis, and working with real-world datasets.
- **Full Stack Development (30 days Internship)**
NoviTech R&D private limited (Remote)
Gained hands-on experience in building full stack web applications using technologies like HTML, CSS, JavaScript, React, Node.js, and databases, with a focus on real-world project development and remote collaboration.
- **Web Development Fundamentals**
IBM SkillsBuild
Earned a digital credential demonstrating knowledge of web development concepts, including HTML, CSS, JavaScript, and the processes to develop, deploy, and test websites.

ACHIEVEMENTS

- **Top 40 Finalist – Livewire Hackathon Cyber trail 2024**
Advanced to the final round and secured a position among the top 40 out of 5,500 participants in a national-level hackathon organized by Livewire and certificate partner EC Council.
- **1st Prize – Web Artistry**
Exodus 5.0
Achieved first place in the Web Artistry competition during the “Exodus 5.0” 2025 technical symposium in SCAD college of Engineering & Technology, Cheranmahadevi.
- **2nd Prize – Battle of Designing**
Trex’24
Achieved second place in the Battle of Designing during the “Trex’24” technical symposium in Sri Paramakalyani college.
- **2nd Prize – Word Hunt**
XPASO’25
Won second place in the Word Hunt event at “XPASO’25”, a state-level technical meet organized by the Department of Computer Science at St. Xavier’s College (Autonomous), Tirunelveli.
- **3rd Prize – Web Designing**
iStorm’24
Won third place in the Web design event at “iStorm’24”, a state-level technical meet organized by the Department of Computer Application at College Sarah Tucker (Autonomous), Tirunelveli. We got overall championship in PG Category.
